Mediterranean charm in this showcase home. The 12' ceilings in the dining, living, breakfast, kitchen, and the office/bedroom are luxurious while the master suite with his/hers vanities and closets, garden tub, stand-alone shower and 10' ceilings carry this luxury throughout. The upstairs study and bedroom provide a perfect apartment for loved ones while the downstairs bedroom allows for greater family flexibility. Truly a great design for those with aging parents or those whose children have returned to the nest.
